

We are delighted to announce that registration is now open for our **brand-new ACNAP eLearning course “[Leadership in Cardiovascular Research for Nurses and Allied Professionals](#).”**

This innovative online programme is designed to equip nurses and allied professionals with the skills and confidence to lead impactful cardiovascular research. Through expert-led sessions, interactive discussions, and hands-on assignments, participants will enhance their leadership abilities, strengthen their research expertise, and grow their professional network.

If you want to advance your career and take on leadership roles in research, this course is a fantastic opportunity.
